Several hiking tours are available around / from / towards the farm. Here is a selection of them :

1. Start from the farm – Hike towards Bonne Fontaine, then left towards Signal du Sac, then take the road beyond the cliff up to Le Gâteau (table d'orientation) – Down back to the farm

1h30 walking in circle – Views of Mont-Blanc and Aravis

2. Start from La Tonnaz (Praz) - direction Plans, then Bonne Fontaine, then Le Sciozier. (50 min)

Once you're done with us, walk down 40 minutes towards les Frasses - la Tonnaz (40 min)

Total of 1h30 in circle Nice view, in the shade half the way.

1. From Megève for the brave ones. Take the cable car Jaillet. Once on the top hike towards Col du Jaillet, Christom, Tête de Torraz, down to Gâteau, and finally Sciozier

3 to 4 hours – Up and downs. No steep section. Breathtaking views

Mountain biking. Same thing. You may put your bike in the cable car. Once in Col du Jaillet you could go down to Plan de la Giétaz and then put your bike again on the cable car there. Watch out for days open and closed.

Very beautiful ride. Easy if you take the lifts, more difficult otherwise !
